Must Be Strong To Keep U.S. Safe, Says Howlett

National Law Day and VFW Loyalty Day were observed at Lincoln-Way high school last Friday, May 1, with a special assembly at which State Auditor Michael J. Howlett was the principal speaker.

The program was sponsored by the VFW post of New Lenox in which Harold L. Dailey is Americanism chairman. The New Lenox and Mokena VFW posts were both represented on the program and Robert Fahrner, former New Lenox teacher, now announcer for radio station WJRC of Joliet, was master of ceremonies. The program was broadcast from the school.

Howlett, a navy veteran of World War II, is no stranger to young people, having six youngsters of his own. He has also been active in youth work.

Pointing out that the socialists have long used May Day for demonstrations and now the communists have taken it over.

"In Red Square at Moscow," he said, "the Red army is parading and there were speeches thruout the communist countries about the 'decadent' democracies and their approaching destructions."

"Here at Lincoln-Way high school we are celebrating National Law Day and VFW Loyalty Day. In our own way we are demonstrating our respect for law and our loyalty to our own country and our way of doing things."

"Respect for law and the old-fashioned virtue of patriotism were never more necessary to the survival of the United States than they are today."

He pointed out how communism has been spread and the number of countries it has taken over.

"It is as close as Cuba," Howlett emphasized, "only 90 miles off the coast of

Florida . . . Forty years ago, the communists controlled a single city and a few suburbs. Today they control a third of the world.

"They make no bones of their intention to bury our democracy."

. . . We are supposed to be the idealistic people. They are supposed to be the materialists. But which is more important to us -- a high moral standard or a high living standard? . . . We have more to eat, of better foods; more to wear, of better clothing; more diversions, more leisure time than any other people in the world at any time in history.

"But prosperity hasn't made us healthier. It has softened us. During the Korean War one out of every two American young men was rejected by selective service because he was physically or mentally unfit."

"If our youngsters are getting soft, it is because we parents have taught them to do too many things the easy way."

"There is no easy way to get by in our world."

If the public wants more service, more improvements it has to pay the bill, Howlett said. He added there was no easy way to contain communism. Under the tension in which we live, he said, the character of the American people is being tested.

"Any weakening or sign of weakening on our part," Howlett declared "would be taken by our opposition as a signal to go ahead and push us off the earth."

One of the hopeful signs, he stated, is the existence of patriotic groups, such as the VFW, and the continuing development of written law, based on the constitution and enforced thru cooperation of the people.

"A career in law is a wonderful field for young people to enter," he told the stu-

dents. "The study of law is a doorway to many careers."

He also urged them to participate actively in government when they become of age.

"We have in Illinois more local governments than in any state in the union. They all exist on the earnings of the taxpayer and they all spend money," he said. "Do not hesitate to become interested in the affairs of your school districts, your municipal government, your state government, your national government, even the government airport authority or mosquito abatement district . . ."

"The moral guidance you receive in school is more important than the technical or the academic. We need leaders who can move and act rightly, not just think logically."

"Why do we love our country? Do we love it because it is a nice place to live, with a comfortable climate, modern plumbing, with the best clothing, the best food, beaches, automobiles, theaters?"

"I don't think so. We love our country not for anything tangible. Not for anything we can see or touch. We love it for something spiritual, something abstract . . . We love it for our system of government, based on the simple rules that were handed to Moses on Mount Sinai."

"We love it for the tradition of freedom and democracy, which makes every man the equal of every other man before the law."

"A man will not give his life, or even risk it, for a material thing. But he will fight, or even die, for an idea he believes in. Our country is worth any sacrifice we can make for it . . . We can do our part to preserve it by accepting willingly the hardships that may be shaping up ahead."

Gary Steel Mill Expansion Seen As Boon For Entire Area

Announcement that U.S. Steel is planning a more than \$100-million expansion program at Gary which will include an 84-inch hot strip mill and continuous casting plant, is expected to have widespread effects on the surrounding area.

Big Steel plans to have its new facilities in operation by 1966 -- earlier if possible, and Bethlehem Steel, which is building the huge plant at Burns Ditch in Indiana expects to be pouring steel before the close of 1964.

The Chicago area will be the largest steel producing center in the world and this fact will be reflected in the business and housing of the territory, it was stated.

Growth of the steel complex in Indiana, it was pointed out, makes it imperative that the state highway department take some action in

speeding completion of the eastern Illinois link of FAI-80, a major east-west highway. The state highway director, Francis Lorenz, reportedly is striving to peddle to the U. S. government the idea of buying a chunk of tollroad at Hazel Crest. This move is said to be holding up the project. State and Chicago politicians are reported to be more interested anyway in pushing work on a north-south federal aid highway than on FAI-80 at this time. The north-south highway, it was said, would facilitate travel for U. of I. students between Chicago and Champaign.

Officials of Big Steel say the 84-inch mill will more than double the firm's capacity for hot steel strip in the area. The mill's capacity will exceed 4-million tons a year and the continuous casting plant will have

an output in excess of 1.5-million tons.

It was pointed out the mill would produce the largest weld-free coils of hot strip steel in the world, up to a width of 76 inches and a weight of more than 75,000 pounds. A single such coil would make more than 30 auto bodies, it was stated.

The continuous casting unit is a result of experimental work in a pilot plant at the South Chicago Works, it was explained. Research, it was added, emphasizes the coordination of the latest processes -- oxygen steel making, vacuumde-gassing and continuous casting.

A temper mill, a combination shear line and temper mill, and a coil processing line also are to be a part of the expansion program.

Contracts for the new plant are to be let in June, it was said.

David Howell Wins Award For Science Work

David Howell, son of Mr. and Mrs. Ralph Howell, 53 McGovney st., has been awarded a senior science award from the Joliet section of the American Chemical Society.

It is given to the senior in each high school graduating class who has been chosen by the school as having the best record in English, mathematics and science. To be eligible, a student must have had at least three years of work in each of the three fields. Selection is made on the basis of general character, originality, independence of thought, ability to solve problems, good study habits and laboratory techniques, and general academic background.

The student receives a certificate commemorating their receipt of the award and a pocket slide rule. Their names are engraved on permanent trophy plaques, which are maintained with the other school trophies.

David is a senior at Lincoln-Way high school.

N. Lenox Firm To Exhibit At Welding Show

Oxo Welding Co., New Lenox, will be among the exhibitors at the welding show, sponsored by the American Welding Society in conjunction with its 45th annual meeting.

The show is on May 5-7 in Detroit, and the meeting is to be held there in the Hotel Sheraton - Cadillac. Oxo will exhibit wire feeders, cutting tips, fittings, pipe dollies, regulators and plastic lenses.

New Lenox Voters Put O.K. On School Bonds

Voters of New Lenox grade school district, No. 122 gave sound backing to the \$306,500 building bond issue in a special referendum last Saturday, approving the step for a new school by a margin of 133 votes.

The unofficial returns showed: 374 for the issue. 241 against.

According to a board spokesman work on the new 12-room building will begin as soon as plans can be completed and contracts let. The new building will be erected on the Oak View school site. School authorities are planning to have the new school ready for occupancy in September, 1965.

The New Lenox grade school board and the school administrative staff were

Santoro Gives Law Day Talk At Assembly

August J. Santoro, of Frankfort, member of the law firm of Sangmeister & Santoro, was the speaker at a Mokena grade school assembly May 1 in observance of Law Day.

Speaking on a level that was easily understood by the youngsters he went deep into the history of law and how it finally supplanted might in disposing of differences between men.

Santoro reviewed the history of lawmaking among the English speaking people and in the founding of our nation.

He pointed out that ours is a government of laws not of men, and stressed the importance of keeping it that way.

pleased with outcome of Saturday's referendum. They point out that the new building will be needed by September, 1965, and any delay would have been inconvenient for pupils and staff.

A spokesman expressed their appreciation for the support given the proposal by the Parent Teachers Organization and credited the passage to the efforts of PTO members.

The present enrollment is 1,288 and this is expected to increase so that when the 1964-65 school year begins next September every existing classroom in the district, including those in outlying attendance centers, will be in full use, according to Supt. Arnold Tyler.

The Bill Jacobs Chevrolet "2000"

Is a name given to our once-a-year nationally sponsored automotive sales contest. It started with us in 1956 with 500 cars as our sales goal and has grown to the present 2000. We have been winners in this biggest of them all race for auto sales and national recognition for the past 8 years in a row. Our high sales volume, small city type dealership has put out a total of 9,873 cars in 16 months during the past campaigns ... better than 20 cars a day - everyday! We can do this because of our low overhead and record high sales volume! This year we are going to blow the lid off all existing Bill Jacobs Chevrolet sales records with a record 2,000 cars!

The Bill Jacobs Chevrolet "2000"

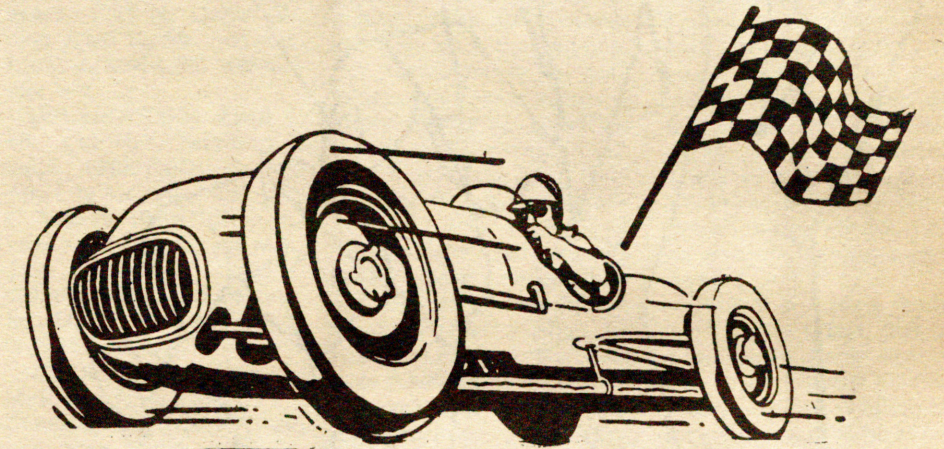

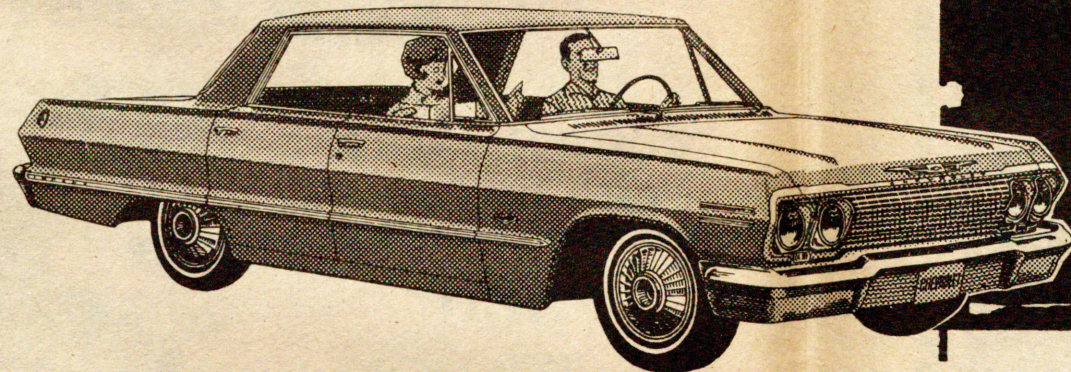

Is a once-a-year sales incentive for our pace-making, record-breaking sales staff. Besides giving these 28 "Men of Action" a chance to be recognized on a nation-wide scale, the 2000-car sales race offers them the added incentive to win hundreds of dollars worth of prizes and bonuses for the sale of most cars. By taking advantage of our low overhead, low profit per car and our high sales volume, the Bill Jacobs Chevrolet quality sales personnel can cut prices deeper ... making less per car ... but more per month! This is the volume idea in action!

The Bill Jacobs Chevrolet "2000"

Means the best deal of them all on America's number one car ... the Bill Jacobs Chevrolet Double O.K. Used Car! Because Chevrolet is America's number one selling car (by a margin of millions!) ... and because every year at this time we sell hundreds more new Chevrolets, we take in more top-quality used cars in trade. We have more trade-ins ... all Double O.K. Checked and Reconditioned ... we can afford to take a lot less profit per car.

New Type Grill Takes Center Of Stage In Outdoor Cooking

A new barbecue grill on the market this spring will make all other outdoor cooking methods obsolete according to H. G. Carr, Northern Illinois Gas Co. sales manager.

The new grill, he explains, replaces charcoal cooking with the superior broiling method used by top chefs in outstanding restaurants.

Inconvenient stockpiles of bulky and expensive charcoal are eliminated by the grill, along with lighter fluid,

PVT. ROBERT W. Peterson Jr., son of Mr. and Mrs. Robert Peterson, Sr., Woodland Circle, Mokena completed his basic training at Fort Knox, Ky. He was home on leave for 14 days and is now stationed at the Aberdeen Proving Grounds, Maryland.

kindling materials and dirty ashes.

Carr says the new grill is so economical to operate, steaks can be broiled for less than three cents. With normal use, he adds, the fuel savings alone will pay for the grill in a few seasons and then go on to pay for steaks and roasts every season for years.

Carr says tests by the utility's home service department prove the grill can put every outdoor cooking enthusiast into the expert class with perfect results in broiling meat and other foods.

Permanent ceramic "char-rocks" are heated in the grill by a gas flame to provide even, controlled radiant heat. Food is cooked rapidly with all natural juices sealed in and with the characteristic "charcoal" flavor savored by outdoor cooks.

Thruout the broiling process, proper temperatures and even heat are maintained on the grill with a simple control.

The grill is easy to use and designed for year-round outdoor cooking, according

The Sidewalk Question

One thing that population growth in the suburbs has done is to make most communities sidewalk conscious.

Most communities, it should be stressed, have now adopted subdivision ordinances and such measures require developers to install sidewalks, as well as curb and gutter, and pave the streets. Residents in the older sections have been given a pass. Few municipalities have ordinances compelling property owners to build sidewalks.

PTA's and school officials appeal to local governing bodies from time to time to urge that sidewalks be built along busy thoroughfares. Without sidewalks, pedestrians, which include children walking to and from school, must use the side of the roads. In bad weather it is necessary for them to use the street. Competition for the streets is fierce enough when confined to vehicular traffic. Add pedestrians to the picture and one has an hazardous situation indeed.

That children, and adults too, have been injured by traffic under such conditions is not surprising. If there is any element of surprise it is that more injuries do not occur.

When a fatality takes place under such circumstances, especially if the victim is a child, there is considerable agitation for sidewalks. Sometimes they are even built, but getting a sidewalk program started takes considerable time and too often the public clamor has found another target.

One of the difficulties is that building sidewalks is largely a charge on the abutting property. The cheapest way would be to pay cash. Let's say that the property owners along a certain stretch of street, whether it be a block or a dozen blocks in length decide they want sidewalks and are prepared to pay for them.

Plans and specifications are prepared and bids taken. Thus with the cost definitely known, they can be divided among the property owners on a footage basis and the property owners deposit their shares of the cost with the village clerk. Then the work can be started and the contractor paid, the last payment being made after the job is found to pass inspection.

Sidewalks can be built thru special assessments too, with bonds issued to pay the contractor and the bonds paid off

over a term of years thru annual installments or assessments paid by the property owners. Special assessment bonds, however, are not readily marketable.

If the contractor takes the bonds he is seldom in a position to toss them in a safety deposit box and hold them until all the payments are made and the bonds retired. He has to have money to pay his workmen and suppliers, so if he is going to take special assessment bonds in lieu of cash he is going to have to sell them. And to sell them he has to take a substantial discount. To make up for this he has to hike the price for the job, and a good big hike too.

It is customary for municipalities to put up some of the money when a public improvement is carried out with special assessment bonds. It seems to us that municipalities could also share in the cost if the sidewalks were built on a cash basis.

Surveys by municipalities on the sidewalk question indicate that while a majority of the property owners would like to have walks in front of their homes they don't want to pay for them. At one time, not too many years ago public improvements were paid for by the owners of the properties benefitted. That is how streets were paved. That is how water mains and sewer mains were installed.

Today, the paving of streets is paid out of a municipality's share of the motor fuel tax, with sometimes extra help from the state and federal government. Sewer and water main systems are paid for thru bonds which are paid off from the rates charged for the service or by taxes. Late comers are required to pay for extensions of such mains but some object to this. We have become so accustomed to having some government agency pick up the tab for improvement programs that one hears groans of anguish when persons are asked to foot the bills as individuals.

It is our guess that the older sections of villages now without sidewalks will remain that way unless something is worked out so that people involved are not billed directly and thus preserve the illusion they are getting something for nothing. But they should keep this thought in mind—a village is not required to build sidewalks to accommodate pedestrians; that is a job for the property owners.

Better Wash Those Men Right Out Of Your Hair

BUSINESS & FINANCE

BY MAURICE P. ANGLAND

We now hear much from Washington about plans to ban poverty from this land of ours. Before going further, I would like to have a definition of terms such as poverty and prosperity, etc. These terms often mean different situations to the same person at a different time.

It is not possible to have any clear cut basis of what is now being set as a goal of economic levels for the average person in terms of monetary units. As taxes, wages, etc. rise, commodities carrying charges for these items, must also rise.

The tax cut was expected to give the economy a lift at a time when some economists believed the normal accrual of industrial needs plus the effects of population increases, was giving

us more than a small push toward higher levels for business activity.

Recently President Johnson stated that there may be another tax cut. Rumor has it that White House economists think another tax cut may be needed to offset the drag caused by the newly proposed spending programs.

Fortune magazine May, 1964 issue is in hand for study of the analysis of the business picture as seen by economists of the feature article - Business Round-up.

The magazine states that business men are in a state of pleasant well-being as

indicated by the latest survey. More than 80 per cent of 400 business executives questioned, report business good or very good and expecting even better business next year. The tax cut is cited as favorable and seldom have both short term and longer term opinions been so enthusiastic.

The magazine goes on to note that some professional economists are viewing the future with some concern. With business excellent, some see a downturn in 1965 after the tax cut wears off. Some bankers and financial men believe a considerable inflation will precede the downturn.

They note that plans usually needs of last winter as against present requirements and that actual spending will be greater than estimates.

be our guess that mothers, especially young mothers that might be described as inexperienced, call for an appointment with the doctor when they discover that Junior has a temperature or has sneezed a couple of times. Then by the time they have gotten themselves ready, and Junior ready for the trip, they find that his temperature is normal again or there have been no further sneezes, so she doesn't make the trip. And if Junior is old enough to make the trip by himself you know he will never make it, having recovered while enroute and going off on what he considers far more important business.

A LOT of adults find their health improved, for that matter, between the time they leave home and arrive at the doctor's office.

While this study group is at it, and they should be able to throw this in as a bonus for \$18,000, why not analyze the air in a dentist's waiting room. It must contain healing properties that are practically miraculous because a person can enter such a room with a most miserable toothache, only to have it disappear just as the receptionist signals that he is next.

Another place some of your money has gone was into a study of the blood group genetics of the Southampton Island Eskimos, but that didn't cost much, only \$11,500 and it is understood that the Eskimos are none the worse for it.

The Department of Agriculture, which in time is expected to employ more clerks than there are farmers, spends a lot of money every year in getting out practically any kind of a pamphlet you can think of and they will be glad to send any of them for a small fee. Why not send in a couple of dollars and ask for a mixed bag? You might be surprised at what you get.

In the meantime if you have a sick snail at home you may get the information you need from the government. Reports show it has spent \$20,092 to study diseases of the giant snail. Try the health department.

ON 2nd THOT

By Glenn Logan

"YOU PAY YOUR MONEY and you take your choice!"

This admonition which is popularly attributed to wheel of fortune operators at carnivals and on midways is not echoed from the hallowed halls of the U.S. Treasury at Washington.

You pay your money there -- the final payment being made April 15 each year (at least one hopes it is a final payment) but you have no choice as to how it is to be spent.

Perhaps it is just as well that the treasury draws a veil at this point. It is tough enough to dig up the money to make book with Uncle Sam without suffering the added horror of knowing what is to be done with it.

It is bad enough when one thinks how long he worked to help the army toss a few millions against the wall to pur-

chase items the navy is selling as surplus, or the navy to toss a few millions against the wall to purchases items the army is selling as surplus, especially if this is the second or third time around for the stuff.

"IT IS BAD ENOUGH to think of how his money is being used to make up the bundles that are spent in the name of foreign aid without thinking about some of those bureaucrats whacking it up for some strange ends.

For instance \$1,250,000 went for a study of the relationship between an infant monkey and its mother. We haven't seen a summary of the report, and to be frank we are not too interested in its findings. We hope the monkeys do not become interested either. If they do it is likely the group that made the study will be succeeded by a group that will ask for \$10-million or \$20-million to set up a program to teach monkeys how to read and speak English so they can comment on the report.

It might even be that under the federal education bill funds would be set aside to build, equip and staff a monkey college.

STRANGER THINGS than that happen when the bureaucrats put their minds to it.

Recently there was a dispatch to the effect that that \$18,000 was turned over to a group engaged to make a study to ascertain why patients break appointments at pediatric clinics. What this will do for the patients or specialists in children's health problems is not explained in the piece we saw.

It seems to us that this question could be answered for a lot less than \$18,000, only maybe without the longer words and double talk the report is apt to contain. It would

Center Foundation To Have Open House Sunday

The Community Center Foundation, Southwest Highway at 127th street, Palos Park, will hold its annual open house Sunday, May 10, from 1:30 to 4:00.

All buildings will be open for visitation -- the camp, chapel, craft and gift shops, Herb Cottage, and Main Lodge. Members of the various committees will be on hand to explain the different activities sponsored by the foundation. There will also be guides to take visitors around the grounds.

In the Main Lodge will be an exhibit of the work done by the fall, winter, and spring classes in painting and ceramics, and also the work done by the Saturday morning children's classes throughout the year. A hand to receive guests at the exhibit will be the craft teachers, Mrs. Marvin Kutchinski and Mrs. Oliver Nielsen of Palos Heights, and Mrs.

David Hurwich of Palos Park.

Members of the board of directors and their wives will be present to act as hosts and hostesses for the afternoon: Mr. and Mrs. Carl E. Ling, Mr. and Mrs. Robert J. Serson, and Mr. and Mrs. Richard B. Espey of Palos Park; Mr. and Mrs. Charles H. Kiefer and Mr. and Mrs. Howard S. Boardman of Flossmoor; Mr. and Mrs. John H. Coghill of Orland Park, Mr. and Mrs. Martin H. Kruisnk of River Forest, and Mr. and Mrs. Robert Izzett of Homewood.

This is also an opportunity to meet the Rev. and Mrs. Paul T. Sanders, co-founders of the foundation, and Mr. and Mrs. Frank W. Sanders. The Rev. Paul T. Sanders, is director of the center, and his son, Frank W., is assistant director.

In addition to being a retreat center for over 100 churches a year, the foundation sponsors many activities of its own in addition to the craft classes, such as teenage and adult square dance groups, monthly family night suppers and programs, A.A. groups, school farm tours, 4-H groups, and Sunday vesper services in the chapel followed by a fellowship tea in the Main Lodge.

Orland Girl Gets Music Scholarship

Miss Donna Cleveland, daughter of Mr. and Mrs. Donald Cleveland of Beacon st., Orland Park, is the recipient of a Music Camp scholarship, awarded by the Third District, Illinois Federation of Woman's Clubs. The scholarship will enable Miss Cleveland to attend a music recreation camp at North Central college, Naperville, Aug. 9-14. The camp is directed by the Vandercook Music School of Chicago. Miss Cleveland, a sophomore at Carl Sandburg high school, will be a vocal student at the camp.

The Orland Park Junior Woman's club submitted Miss Cleveland's name to the Third District. Each of the other thirteen Junior clubs in the district also submitted one name and by a drawing from a hat, the winner of the award was chosen. The Orland Junior's candidate was the name drawn. The Orland Juniors helped raise the money for this scholarship by supporting various Third District projects during the club year.

Miss Myers is a senior at Northern Illinois university, and was a graduate of Blue Island high school.

Farr attended Carl Sandburg High school and is a graduate of Illinois Wesleyan university, where he was a member of Tau Kappa Epsilon fraternity.

He has completed training as a member of the military reserves and is now employed as an accountant by Plat, Marwick, Mitchell and Co. of Chicago.

Foreign Students On Orland Center Program

The April 14 meeting of the Orland Center PTA was held at 8 p.m. in the multipurpose room with Mrs. LaVerne Whitfield presiding.

The theme for the month, "It's Time To Care About The International Classroom" was carried out by a panel of three foreign exchange students and one student who is now making her home in Orland Park. The students were Meka Delace of Belgium, Dieter Kind of Germany, Ailfa Traser of England and Katherine Rennie, who formerly lived in Scotland. Roger Chavanne served as guest moderator.

The first book fair to be held at Orland Center was another feature of the evening. Mrs. Joann Yocius, ways and means chairman, and her committee were in charge. A book character contest was the highlight of the fair, judged by Miss Mariam Bilger, Mrs. Charlotte Helliwell and Miss Sue Crane.

Prizes were awarded to: 1st, Mark White and Billy Yocius; 2nd, Pam Ross and Dave White; 3rd, Sandra Sramek and Mary Jane Stell-

wagen.

All other entries received honorable mention: Pat and Susan Furlong, Cheryl Hodge, Matthew Bowan, Barbara Bernard, Ann and Ellen Whitfield, Barry and Gina McNelly, Diane Stellwagen, Sandra Ashenberg, Sherry Lee Munster, Lee Ann and Craig Hedberg, Jeanine Leddon and Barbara Foster.

The room award for attendance was won by Mr. Blain's 6th grade. Refreshments were served by the 1st grade mothers.

For its final meeting on May 12, the Orland Center PTA will have a special speaker, the "spanking judge" from Whiting, Ind. Judge William J. Obermiller. His topic will be "Discipline in the Home".

He will relate some of his unusual experiences and the reasons for his even more unusual methods of handling problem children.

His talk will be followed by a question and answer period. The general public is welcome to attend.

The meeting will be held in the Orland Center gym at 8 p.m.

Laws And Labels Subject Of Woman's Club Speaker

"Laws Behind the Labels" is the title of the program to be given by Mrs. Christine Lindscott, consultant for the Pure Food and Drug Administration at the May meeting of the Mokena Woman's club.

The meeting will be held in the home of Mrs. Harold Lotz, Arby Hills, Monday, May 11 at 8 p.m. Assisting as co-hostesses are Mrs. Robert Olson and Mrs.

James Ennis. Members are invited to bring their guests to the meeting.

During the meeting installation of officers will be held with Mrs. John Giegerich, past president of the Joliet Woman's club, conducting the service.

The program for the evening is under the American Home department of the club.

New College Accepts Area Girl As Student

Jeanine L. Peters has been accepted as a member of the charter class of New college Sarasota, Fla. which opens in September as a private college of the liberal arts and sciences.

Jeanine is the daughter of Mr. and Mrs. Eugene F. Peters who reside at 145 West Francis road, New Lenox.

She joins a select group of students from all parts of the nation who will be among the charter class of New college. They will study on a 115-acre waterfront campus under the direction of a faculty which numbers during the first year Dr. Arnold J. Toynbee, the famous English historian.

New college offers a unique curriculum which permits students to study 11 months of each year and to graduate with a bachelor of arts degree in three years instead of the more usual four. Campus buildings are being designed by New York architect I.M. Pei.

At Lincoln - Way high school, Jeanine was active as

a class officer, as president of the National Honor Society and as a chorus section leader. She was active in Girl's Precision Marching Group - Rhythm Knights; Girl's Athletic Association and Mu Alpha Theta math society.

L-W Band Boosters Card Party

Plans have been completed for a progressive pinocle and bridge party to be staged Saturday, May 9 at 8 p.m. in Lincoln-Way high school. The party is being sponsored by the Band Boosters club of the school, and tickets are now on sale or may be purchased at the door at \$1 per person.

Pinocle will be played in the all purpose room while the cafeteria will serve as the room for playing of bridge and other card games. Various prizes will be awarded including a traveling and door prize.

Mrs. Burnett Schramm, chairman of the card party, invites the general public to attend. Refreshments will be available following the party.

Proceeds from the affair will be added to the treasury of the Boosters club for future band needs.

Workshop On Tonight

Tonight at 8 o'clock Mrs. Elita Baumgartner, district director of the Joliet Area Council will conduct a miniature workshop at the Wil-lowcrest school in Mokena.

Would Collect Garbage
Thru Village Tax Levy

The New Lenox village council has adopted its 1964-65 appropriation ordinance. The measure calls for expenditures totaling \$126,240 in the general and the sewerage department funds. Also added to this sum is \$11,600 representing the village's share of motor fuel tax money for use on village streets.
The budget for sewer department expenditures, which includes principal and interest payments, plus the setting up of various reserve funds, adds up to \$59,390, while the figure for appropriations from the general fund comes to \$66,850.
Expenditures approved are pretty much in the same pattern as former years. A new item, however, is \$5,000 set up for garbage collection. It is estimated that when collections actually begin a larger sum, something in excess of \$7,000 will be needed. The \$5,000 is placed in the appropriation ordinance now so the village may levy a tax in September. With the levy made this year tax money should be forthcoming next spring, it was pointed out, so it will be next year before the service is begun. The village can levy a total

of 10 cents per \$100 of equalized assessed valuation for garbage collection, according to Trustee Chester Bowman, who has been investigating the matter. He proposed at Friday's meeting that the board approve a plan for the village to levy a tax to pay for garbage disposal and the board agreed.
It was estimated that approximately \$4,000 could be raised thru taxation and the remainder would be collected from householder thru an assessment of 50 cents a month, added to their sewer bills.
Bowman pointed out that this additional assessment of 50 cents a month would come to \$6 a year, which would be one third of the current cost for garbage disposal. Each householder now pays \$18 a year for this service.
Also new on the appropriation ordinance this year is \$2,500 earmarked for a new radio system for the police department. The purchase was made last winter but delivery is being held up pending receipt of new revenues.

Northern Illinois university spent the week-end with the formers parents, Mr. and Mrs. Robert Wheeler.
On Sunday, the birthday of Dennis Wheeler was celebrated. Others present were Mrs. Dennis Wheeler, Mrs. Harriet Bissell, Mr. H.E. Hemingway and Mr. and Mrs. Dave Schuelke of Mokena and Linda and Jayne Wheeler.

Lincoln Way Band To Present Annual Spring Concert May 8

An invitation is being extended to the public to attend the annual spring band concert set for Friday, May 8 at 8 p.m. in the auditorium. Senior band students will receive recognition during the program and awards will be presented to winners of the solo and ensemble contest held previously at Bradley.

Some auditions have been heard and are still in progress for the amateur talent show which is being sponsored by the Boosters for Sunday, May 17 at 3 p.m. in the auditorium. Individuals or groups are invited to audition Monday evenings April 27 or May 4 from 7 to 9 p.m. at the school.

Prizes have been announced as a \$50 and \$25 denomination war bond plus two \$10 cash prizes. An intermission will be held during the afternoon when refreshments will be served in the all purpose room.

Other items on the agenda included the preparing and serving of the New Lenox eighth grade graduation banquet, Thursday, May 21 at 6:30 p.m., for students and parents.

It is estimated some 250 persons will be in attendance. As this is an increase of the number of persons served last year, it was announced at the Boosters meeting, additional help prior to the serving is needed and an appeal is being made to all members who would be able to assist to contact either Mrs. Robert Taylor, 485-6273 or Cecil

Baldwin, president of the organization, 485-8589. Waitresses and waiters will be provided by members of the band.

Following the banquet the stage band will provide music for dancing in the school gymnasium.

On the following Thursday, May 28 the annual Band Boosters banquet for band students and their parents will be served at 7:00 p.m. in the all purpose room with Mrs. Thomas Brown in charge of decorations.

It was announced donations on the decal sticker drive are still being received and if there is any person who has recently discovered his or her letter or sticker, contributions may still be sent to the band organization.

Restaurant To Re-open

After having been closed down for the past two months the restaurant formerly operated as Cook's on Wolf rd., Mokena, is to re-open tomorrow under new management, it was announced yesterday.

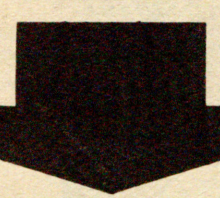

The restaurant is now the property of Irvin Friant, owner of the building in which it is located. He has taken the establishment over but the management will be in the hands of Mrs. Phyllis Lewis, of Arbury Hills, who formerly was employed in the place and at the Willow Run golf club.

Regular meals will be served plus, of course, short orders and snacks.

Fire Dept. Auxiliary Seeks State Charter

Telephone: 479-3521
The Womens auxiliary of the Mokena fire department met April 28. The charter has been sent for.
Mrs. Cordy Bochmann checked on monogram shirts

for the women of the auxiliary, to be worn in parades. The auxiliary wished to express their appreciation for the donation of coffee pots, dishes and the voluntary cleaning of the fire house for the party.

A bake sale was discussed, but no date has been set. Refreshments were served by Donna Bueschel and Eleanor Haehnlein. Anyone is welcome to attend the meetings. The auxiliary expressed its thanks for a \$15 donation received from Mrs. Olive Schaeffer.

Michael O. Triebe, machinist's mate fireman, USN, son of Mr. and Mrs. George W. Triebe of 9650 West 191st st., is serving aboard the dock landing ship USS Hermitage operating in the Caribbean area.

The Mokena Mens Bowling League had their banquet at Silver Lake Country Club Monday, April 27.

The first place team trophy went to Richardson's meat market. Those on the team are: Lloyd Leyerle, Robert Niemann, Alvin Sorensen, Roy Richardson and Norbert Marcinek.

Other trophies were awarded to Lloyd Leyerle for high yearly average; Robert Fortman, high series; Lewis Rauch Jr., high game; Fred Werner, most improved bowler.

Willard Martie, president, presented the trophies. There were 45 people in attendance.

St. Mary's Altar and Rosary Society will meet at the Social Center at 8 p.m. Thursday, May 14. This meeting will be election of officers for the ensuing year and past presidents night.

Mrs. Harold Beebe, program chairman, has arranged to have Mrs. Frances Morgan present her color slides on Indonesia.

Refreshments will be served by the following hostesses; Miss Justine Kluth, Mrs. Marion Wallace, Mrs. Joseph Gazak, Mrs. Cecelia Walsh, Mrs. Nick Heiman, Mrs. Paul Pomper, Mrs. John Stephens, Mrs. George Rinke Jr., Mrs. Edward Schuch, Mrs. John Kappel, Mrs. Francis Crones, Mrs. Richard Stockstill, Mrs. Theodore Bueschel, Mrs. Paul Sheedy and Mrs. Matthew Schweihls, social chairman.

The society will receive holy communion in a body at the 9 a.m. mass, followed by a mother-daughter breakfast at the social center Sunday, May 17.

St. Mary's Altar and Rosary Society is sponsoring a play at the Martinique, Drury Lane theatre, Ever-

green Park, Sunday, June 14 at 7 p.m. The star of the stage play is Tab Hunter in "See How They Run."

Tickets are now on sale at \$3.50. Mrs. Arthur Marshall, chairman.

Mr. and Mrs. Ludwig Thiel, Third street, returned last Wednesday after having spent the past year abroad visiting with their son and other relatives.

Much of their time was spent visiting with their son Gunther and family at Munich, Germany and with Mrs. Thiels' two sisters and brother. Before leaving the U.S., the Thiels received special permission to enter the eastern part of Germany, which is under the Russian sector, where they visited with Mr. Thiels' cousins and other relatives.

During July and August a family reunion was held when their daughter Mrs. Ursula Whiteside of Zion arrived by plane to spend a month with them.

While in Germany Mr. Thiel underwent surgery, and is recuperating satisfactorily now at home.

They had planned to leave Germany by ocean liner earlier, but due to severe storms on the ocean, their departure was curtailed. After their arrival in New York, the Thiels motored to Illinois in a Volkswagen purchased while in Germany.

They had visited their homeland ten years ago and stated many changes had

been made including the erection of the Berlin wall and the rebuilding of structures which were destroyed during the war.

The Mokena Chamber of Commerce will hold a meeting in the office Tuesday, May 12 at 8 p.m.

New Stagg High Athletic Schedule Lists 4 Sports

Assigned To SES Circuit

With the admission of Stagg high into the Southeast Suburban Conference last month, one of the first questions about athletics at the new high school was answered. Over the past several weeks, others have been worked out.

Henry C. Meier, head coach at the school, said earlier this week that Stagg will participate in four sports next year. They are football, basketball, wrestling, and baseball. All competition will be at the freshman level only, as Stagg High will not have any upper classmen.

The first varsity competition for the school will come in the 1966-67 school year, the first that Stagg will have a junior class.

Meier said that setting up this first schedule was "difficult because these things are drawn up several years in advance." However, Stagg will have at least six football games next fall, with the date for the seventh still open.

Two of the games will be "home" games, played at Carl Sandburg's field. Because of scheduling difficulties, only one of the scheduled games is with a SESC team, against Lockport West High School.

In basketball and wrestling, Meier said that the Chargers of Stagg High will play at least one game with each of the conference teams. Present plans call for the Stagg teams to work into the conference schedule next year with their sophomore teams.

The Charger football schedule is:
Sept. 26 - Open.
Oct. 3 - Wheaton Central (T) - 10 a.m.
Oct. 8 - Joliet West (T) 4 p.m.
Oct. 13 - Marion Catholic (T) 4:30 p.m.
Oct. 19 - Lemont (H) 4 p.m.
Oct. 31 - Wheaton North (T) 11 a.m.
Nov. 4 - Lockport West (H) 4 p.m.

Colorful Swim Show On At Sandburg Pool

May 8 and 9, the pool at Carl Sandburg high school will sparkle with color when the Synchronized Swim club presents its annual show. Two performances of the "Carousel of Color" will be given each night at 7 and 9 p.m. They will feature the school's most accomplished swimmers.

Miss Diane J. Veronda, director, said tickets will be available at the door. Admission is \$1 for adults and 50 cents for students.

The idea for the show came from Mary O'Neil's book "Hallstones and Halibut Bones". Miss Veronda said the program will consist of 10 numbers, each representing a different color, as well as a "rainbow" opener and

Eagle Golfers Win 2 Matches Lose 1

Last week the Sandburg varsity golf team won two of three matches. The victories were over Reavis on Wednesday (May 30) by a score of 161 to 165 and over Crete Monee the next day by a score of 166 to 177. Yet the match the Eagles wanted to win most evaded them by two strokes. They were defeated by Homewood - Flossmore 161 to 163.

In the losing effort Dick Coghill and Dave McIntosh tied for the low medalist honors with two 39's over the front nine at Oak Hills Golf Course. Rounding out the low four for Sandburg were Jeff Ferguson with a 42 and Joe Bozic with a 43.

The Eagles immediately retaliated the next day by defeating Reavis. Low medalist for the Sandburg was Joe Bozic with an even par 36 over the back nine at Palos Country Club. Bozic's score is the lowest recorded for the team so far this year. Next scorer for the Eagles was John Helquist with a 41. Other scorers were Curt Yelnick and Dick Coghill with 42's.

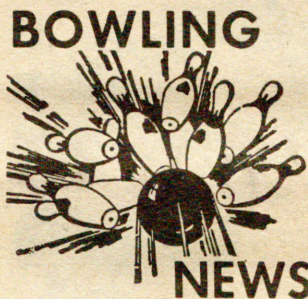

On Thursday Sandburg's victory over Crete Monee was very significant for this same team, which the Eagles defeated by eleven strokes, had previously beaten H-F by six strokes.

In this match low medalist for Sandburg was Dick Coghill with a 38 which is one even par for the Silver Lake North Course front nine. It may be noted that Cog-

hill played the entire match with the sight of one eye. The other was patched because of an infection.

Joe Bozic, with a 40 was next lowest scorer. Then came John Helquist with a 43 and Curt Yelnick with a 45.

Tomorrow (Friday, May 8) the Eagles will be competing for the District crown. If the team wins they are entitled to play for the Illinois State Championship in Champaign.

Cars Kill 678 Deer

(CNS) Last year, 678 whitetailed deer were reported killed on Illinois highways, but a 5,000-mile tour of the state only disclosed one, William T. Lodge, director of the Illinois Department of conservation announced.

"The heaviest road kills occur during the fawning season in Spring when more does are hit, and during the breeding season in fall when the bucks are less cautious he said. "Drivers should be cautious when traveling in whitetail country at night, especially at dawn or dusk.

No swimming instruction will be given that day. "In the past, we have tried to go ahead with our classes during the sync swim show," he said, "but it has never been successful. So this year we are going to cancel them."

Sandburg Track Squad Eyes Chances At District Meet

BY TIM SEDGWICK

The Sandburg cindermen are now looking to the district track meet held at Bloom this Saturday. The district meet is the step before going to the state meet where the best trackmen from Illinois compete.

Coach Robert Gadt feels his cindermen have a good chance in some areas. In all events boys may qualify by taking first or second, or by running under a set qualifying time.

Jim Reeves, undefeated in dual meet competition, has already run 4:38 mile which is only three seconds off qualifying time.

Doran Harding also has a chance in the half mile. He has consistently run around 2:05. His best time of 2:04 is only two seconds from qualifying.

Ernie Sharpe will probably try his hand at the 180 yard low hurdles where he has run 21.2 only .7 seconds away from the state qualifying time. Sharpe will also probably team up with Harding, Larry McNeil and Leonard

Beesley in the mile relay. By cutting 1.2 seconds off their best time they too would qualify.

Other hopefuls include Guy Cherskov and Dan Taylor. Though inconsistent Taylor has already jumped 5'10". If he would be able to do this again he would also go down state. Cherskov has vaulted 11' 2", only 7" from qualifying height.

With qualifying time in the quarter 51.9 Coach Gadt may enter McNeil or Sharpe in the quarter. Though they have done 52.8 and 52.9

respectively, by running the quarter they could possibly keep the mile relay team from qualifying.

The 880 yard relay team which has run a 1:35.9 would have to run 1:33. By putting some of the quarter milers into the half mile relay team Coach Gadt may also qualify this team.

Those qualifying will go to the state meet May 15 and 16. Then on May 20 and 21 both the frosh-soph and the varsity will compete in the conference meet which is to be held at Sandburg.

Vacation With Play At Crescent Hotel

A "Vacation with Play" . . . that's the key to the special summer vacation currently offered by Paradise Tours and The Graphic Newspapers Inc.

This Vacation with Play is at the famous Crescent Hotel in the Arkansas Ozarks specializes in relaxation, fun and the comforts of home in a beautiful setting. Eureka Springs, Ark. where the Crescent Hotel is located, is called the Switzerland of America and offers a wealth of sight-seeing, a balmy climate and a large variety of vacation entertainment.

The hotel features home-style dinners which have been tested by Graphic Newspaper staffers and found to be excellent. The rooms are modern and comfortable and the service true to famous Southern hospitality.

The relaxed setting at the Crescent offers plenty of space to lounge, a swimming pool for adults and a wading pool for children, bowling alleys, billiards, horseshoes, outdoor danc-

ing pavilion shuffleboard and tennis. Boats for fishing or pleasure may be rented nearby and a sporty golf course is just 15 minutes away.

Horseback riding is also available in a scenic area near the golf links.

Sightseeing tours by bus are available and a major event is planned every day of the week including, square dances, hayrides, and other surprises devised by the recreation director.

The Crescent is especially fun for children and family vacationers although every age group can find an activity to suit them.

Elect Appellate Clerk In Primary On May 12

A special primary is being held May 12 to nominate candidates for clerk of the appellate court, third judicial district. This information was supplied by County

Clerk Clara Hartley Woodard. The district includes Will and 20 other northern Illinois counties. There are two candidates on the Republican ticket, Gordon

Peace of Ottawa and John E. Hall, circuit clerk of Whiteside county, Sterling.

There are no Democratic candidates.

The special primary came about with the sudden death last January of Paul Wunder of Joliet, clerk of the Appellate court district who had several years of his term to serve.

In keeping with an opinion from State's Attorney Frank H. Masters, Jr., Mrs. Woodard, as county clerk, is to set up limited polling places for the special primary—one in each of the county's 24 townships.

Polling places in this area are:

Frankfort Twp. - Village hall, Kansas st., Frankfort.
Homer Twp. - Homer town hall, Cedar Rd.

New Lenox Twp. - Fire station, Church st. and Rt. #30, New Lenox.

Green Garden Twp. - Town hall.

The judges in the precinct that has been designated for use in this election will serve for this election. They will be required to handle all the registration binders for their respective township.

Polls will be open from 6 a.m. to 6 p.m.

All taverns in the County are to be closed during this voting time.

Registration of voters will again be open starting May 14, for the registration of those who have not previously registered or for changes of address of voters.

One in a series to help you enjoy
better telephone service

**How
to get
your phone
fixed—
without
charge**

If anything goes wrong with your telephone, call our repair service. You will find the number on the first page of your local telephone directory. If required, a telephone man will come promptly. He will fix your phone or replace it, if necessary—without sending a bill. It's all part of your regular telephone service.

We'll Fix It—Fast

Regular preventive maintenance keeps most phones trouble-free. In fact, the average not-a-speck-of-trouble time is about four years. But if anything does go wrong—a cord gets permanently twisted like a pretzel, the bell doesn't ring, there's no dial tone, or some other trouble—our repair service will act quickly to put things back in order. Someone is on hand 24 hours a day to take trouble reports.

No Extra Charge

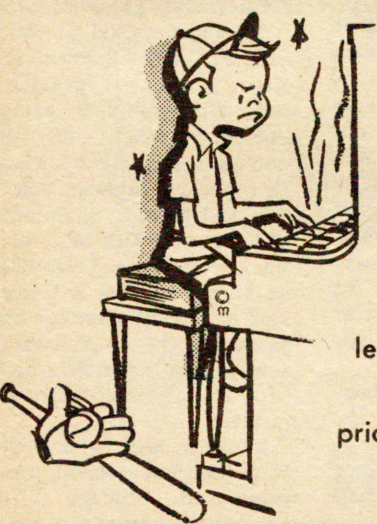

The trouble tester can often locate the cause of the trouble right from the central office. And sometimes it can be fixed without a visit to your home or office. We repeat, if anything goes wrong with your phone, call our repair service. We'll fix it fast and with no extra charge. It's one of the values you receive with your telephone service.

Sandburg Senior Wins UN Essay Competition

A Sandburg senior won first place in the United Nations essay contest for Illinois recently, according to Jim Zimmerman, chairman of the social science department. He is Richard Gates of 10457 S. 82nd Court in Palos Hills.

His essay was one of five which were forwarded to New York for national judging, according to Mrs. Robert Maynard, executive director of the Illinois division of the American Association for the United Nations, which sponsored the contest.

Gates received an autographed copy of Ambassa-

dor Stevenson's LOOKING OUTWARD and an inscribed silver trophy.

The national award is a summer's travel in Europe or an \$800 scholarship. Second prize is a summer's travel in the United States or a \$400 scholarship. Gates is eligible to win either.

The contest began with a text offered to Sandburg seniors who had all "A's" in social science and a high scholastic standing. Local judges included board members Mrs. Edison Dick, Mrs. Henry Hanson and Mrs. G. H. Patterson.

Will Co. Red Cross Takes New Identity

Will county chapter of American Red Cross will mark its 47th year of activity at its annual meeting May 12 in D'Amico's 214 restaurant. The occasion also will signal a transition to a new and expanded program as a result of Will county's inclusion in the recently formed Mid-America chapter.

James J. Grumley, president, announced that the annual meeting will begin at 6:30 p.m. Reservations may be made at the Red Cross office, 222 N. Broadway, Joliet. Deadline is Friday, May 8.

Established in June, 1917, Will county chapter of Red Cross and its volunteers served in two World Wars and the Korean conflict. In peacetime the chapter performs its two charter obligations, disaster preparedness and assistance to servicemen and veterans and their families. In addition, it conducts community service programs, such as classes in first aid, water safety, home nursing and mother and baby care.

Volunteer units serve hospitals as Gray Ladies and other volunteers take part in production, canteen, motor service units and in staff

and social welfare tasks to aid the chapter in its work.

Officers for the coming year will be named and directors named to the board of directors at a business session during the annual meeting.

The Mid-America chapter includes all of Lake, Cook, DuPage and Will counties and a part of Kane county, an area with a population of 6 1/2 million. In Will county Red Cross in 1963 joined United Crusade for the first time and now conducts no campaign of its own for funds.

ELECT CSHS COUNCIL OFFICERS

DON'T YOU READ BEFORE YOU BUY?

Most people do.

They count on advertising *in print* to give them the information they want on products that interest them—information on features . . . designs . . . and prices, for example.

People not only *read* about products and services, they show ads to their family and

friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping.

People read an ad because they want to (it's never forced on them). They can even check back later; the message is still there.

When you add it all up, print advertising—

the kind you read in the pages of this newspaper—makes sense. And because it measures up to the buying habits of consumers, print makes sales.

Most people read and then buy. Don't *you*?

Teens Plan Parents Night Program May 18

MRS. EDWARD HOVI
Telephone 479-5740

The Arbury Hills Teens Club held their officers meeting Saturday, April 11. At that time several topics were brought up for discussion.

The possibility of holding a Sadie Hawkins dance was discussed. Harry Scala would be general chairman; Cheryl Turner will act as chairman of the decorations; Sandy Doogan will be entertainment chairman; and Terri Homer will be advertising chairman. The prospects of the dance will be submitted to the general membership at the next meeting. It was also decided to hold

a parents night at the meeting to be held Monday evening, May 18, at the school from 7 to 10. There will be written invitations sent out to all the parents.

The boys of the organization are asked to contribute ten cents to defray the cost of coffee, and the girls are being asked to bake cakes to be served at the meeting.

The dues of the organization are to be paid at the next meeting. The dues are \$1 per six month period.

The recently held hayride was both a social and a financial success; there was a good turnout and an enjoyable time was had by all.

The Arbury Hills Kindergarten Organization held

their open house at the school last Thursday evening.

The new curtains had been hung for the occasion, and the newly purchased equipment was on display.

Mrs. Richert, the teacher, and Supt. H. James Wrath, were present to talk with parents who came to view the kindergarten.

The Arbury Hills Baby Sitters Cooperative had their secretary's book change hands from Mrs. Ardell Borehart, who had acted as secretary for the preceding four weeks, to Mrs. Darlene Gunty, who will have the book for the coming four weeks.

If any member needs a baby sitter, she should contact Mrs. Gunty at 479-5345 at least 24 hours in advance of the date needed. In addition, any mother in Arbury Hills who would like further information on the organization, can obtain her answers by calling Mrs. Gunty at the above number.

The Summit Hill Cub Pack Number 10 held its monthly pack meeting at the school on Friday evening, April 24. At that time the Cub Scouts each read their short papers on birds, which they had researched themselves.

CARD OF THANKS

The kindness and sympathy of nei-
ghbors and friends in our recent
sorrow will always remain with us
a precious memory. Our sincere
thanks and gratitude for all those
comforting acts.

Mrs. Stanley Dial & daughters

CARD OF THANKS

To the many friends of Evelyn,
who sent cards, flowers and well
wishes. To those who called to
visit her while she was a patient
in the hospital and nursing home.
To those who expressed their sym-
pathy in her passing. We wish to
take this opportunity to express
our deep gratitude and heartfelt
thanks.

The family of Evelyn M. Boe

The Working Classes

J. A. WARD

Automation is a new name for technological changes, but the conditions and fears of change are old. In the 1920's two new names MECHANIZATION and ELECTRIFICATION threatened us. In the 19th century the steam engine and power machinery threatened us. The inventor of the loom was drowned by a mob in 1661. In the 15th century, innkeepers opposed the growing use of the Stagecoach and Parisian quill penmen rioted to stop the introduction of the first printing press.

Although automation of today differs from other types of technology, we should not overlook history to the point of saying it is new.

One of the earliest automated devices was the pressure cooker, invented in 1680. This pressure control is still one of the simplest and more widely used regulators today.

During the 18th century automation grew very rapidly. Several types of regulators were applied to windmills, and an automatic loom was developed. In 1784 an automatic flour mill was built. In 1741 silk looms were designed, and in the 18th century, steam engines had automatic governor controls. However, despite this automation, employment continually rose.

The techniques of automation now being applied is a continuing engineering revolution in an economic and cultural sense that has been going on for centuries.

In the past third of a century, we have almost doubled the productivity of the average man, increased employment and cut the work week by 10%. If we can do as well during the next 30 years, the average family income will go to over \$14,000 a year.

Median educational attainment which rose during the past 30 years from grade school graduate to high school graduate level will move to the level of junior college graduate. Similar movements will be made in the availability of leisure time, world travel, music, fine art and medical services. Essentially this is what automation promises.

Automation in essence can be defined as the technology of manufacturing, processing or performing services as automatically and continually as business economics demand.

Automation brings change to everyone on the American scene. There can be no turning away from the compelling forces that signal a need for more automation. Each of us must react responsibly, or risk the future of our free enterprise system.

Creative Cookery Wins Recognition

The curriculum section of
the "Illinois Vocational Pro-
gress" magazine for April
contains an article written
by Mrs. Patricia L. Cote,
home economics instructor
at Carl Sandburg High
School. The magazine is
issued by the state board of
vocational education and re-
habilitation.

The article describes a
course in "creative cook-
ery" offered to Sandburg
juniors and seniors. Both
boys and girls take the

course, which is the result
of Mrs. Cote's attending the
national curriculum work-
shop of foods and nutrition
at Cornell university last
summer.

As taught at Sandburg, the
course emphasizes the ex-
perimental approach to
problem solving, and stu-
dents actually develop their
own recipes during the class
work.

The course has three lev-
els, and students work to
their own capabilities. For
example, students who have
completed one year of chem-
istry use research material
from the "Journal of Home
Economics," a professional
publication.

Car Wash

From 10 a.m. to 4 p.m.
Saturday, May 9, 60 soph-
omores at Carl Sandburg
High School will be busy
washing cars. For \$1 they
will leave the car spotless,
and clean the floor mats
and interior, they declare.

"Other classes have had
car washes before," said
Donna Pacer, sophomore
class president, "but never
for such a low price."

Anyone wishing to have
his car washed may bring
it to the parking lot at Sand-
burg, where three shifts of
20 sophomores each will be
waiting to "give it the
works." The money raised
will go into the class treas-
ury and is earmarked for
the prom next year, accord-
ing to Miss Pacer.

"Last year's sophomores
had a little more than \$200
in their treasury at the end
of the year. We are already
ahead of them," she said.
"This should really give us
an advantage next year."
The prom is the largest ex-
pense entailed by the junior
class each year.

Many new books have re-
cently been added to the li-
brary in New Lenox. Among
the new books for children
are the following: Flicks,
Ricks, Dicka and the Girl
Next Door by Tlamsa;
Flicka, Ricka, Dicka and
Their New Skates by Tlamsa;
The Shaggy Man of Oz by
Snow; Little Jeanne of
France by Brandeis; Little
Greta of Denmark by Bailey.
Also, Little Swiss Wood-
carver by Brandeis; Little
Spanish Dancer by Brand-
eis; Jill's Check-up by Ju-

Reading water meters is
not a complicated task un-
der ordinary circumstances.
The reader simply notes the
position of the little hands,
marks it down on his records
and goes on to the next one.
But when some of the cus-
tomers introduce hazards,
meter reading can be tricky.

Hereafter, the board
agreed, cards will be left
with the householder, the
same kind hung on door-
knobs when the reader falls
to find anyone home. Such
cards are to be filled out and
delivered to the village hall
within three days. If disre-
garded water service is to
be shut off, the regulations
decree.

Pfaff also made a remin-
der to the effect that all
prospective water users--
and he emphasized all--must
deposit \$25 in his office be-
fore water will be turned on.

Roy Martin Promoted

Roy E. Martin, 14945 Hale
Drive, Orland Park, has been
appointed new products man-
ager for Swift & Company's
oil mill department. His
headquarters are at the Chi-
cago general office.

Martin majored in chem-
istry at Valparaiso university
and started his career with
Swift in 1955 at the Chicago
plant, doing quality control
work and later was an anal-
ytical chemist there.

Subsequently, he served as
a research physical chemist
at Swift's Research Labora-
tory, and most recently held
a market development posi-
tion at the Chicago general
office.

Martin is civil defense
director for the village of
Orland Park, president of
the Orland Park Hills Home-
owners Association; on the
education and hospitality
committees, Chicago sec-

tion, American Chemical
Society; chairman, chemi-
cal section, Illinois Junior
Academy of Science; assist-
ant to chairman, National
Chemical Exposition.

He also is chairman of
the board of Christ Lutheran
church, Orland Park.

Mr. and Mrs. Martin have
three sons, Gregory, Randall
and Brett.
